Access with activation code for parents

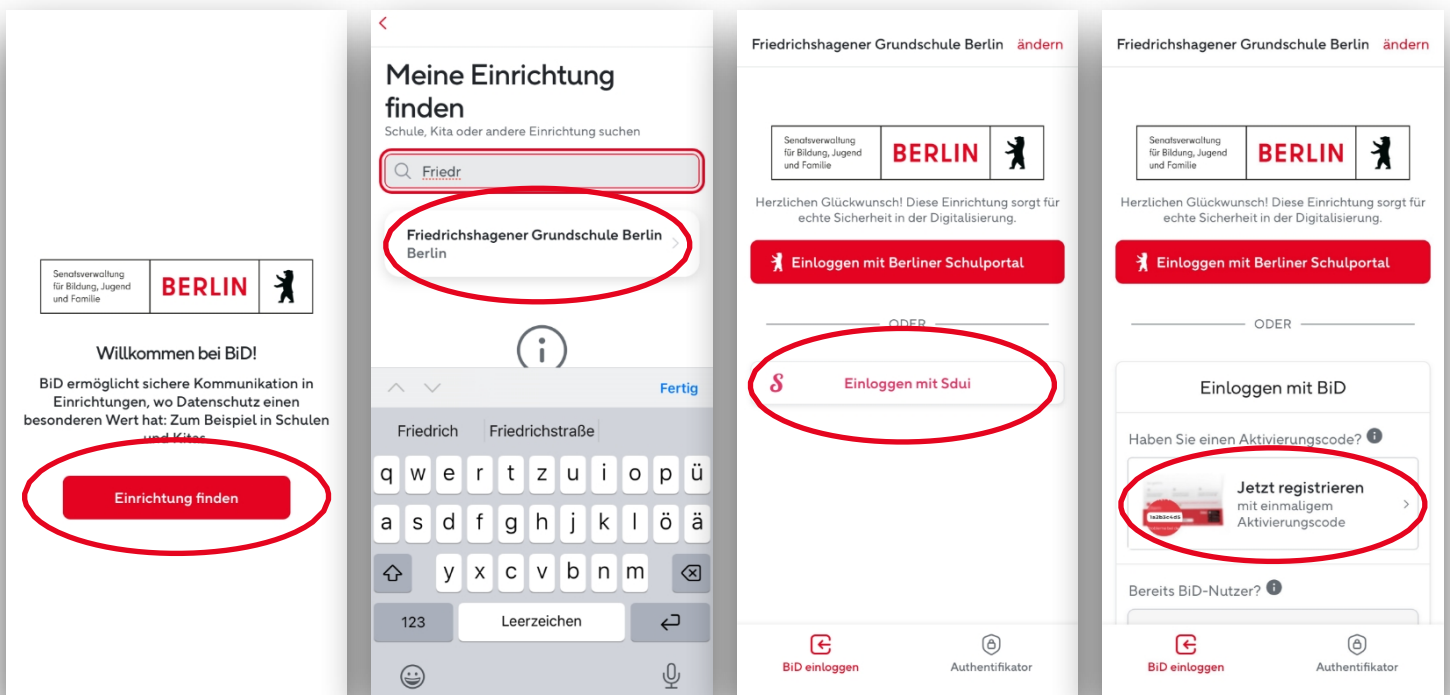

First steps

Education in dialogue

To gain access to BiD, you will need your activation code for parents. First open the page <https://sdui.app/> or the app for Android or IOS (*information on downloading can be found on the last page*). Now click on **Find facility**.

Then enter "Friedrichshagener Grundschule" in the search field until the **school's entry** appears below. Now click on **Log in with Sdui** and then on **Register now**.

Now enter your **activation code** and **follow** the instructions on the screen. Enter your name, e-mail address and a password to complete the registration.

The first screenshot shows the 'Neu registrieren' screen for Friedrichshagener Grundschule Berlin. It features a red circle highlighting the activation code '1a2b3c4d5' and a red oval around the 'Aktivierungscode' input field. The second screenshot, titled 'Wie dürfen wir Sie ansprechen?', shows the selection of 'Frau' and the entry of 'Martina' and 'Musterfrau'. The third screenshot, 'Zum Einloggen: Ihre E-Mail-Adresse', shows the email 'martina.musterfrau@elternteil.de' entered twice. The fourth screenshot, 'Wählen Sie ein sicheres Passwort', shows two password fields with masked characters and a confirmation message 'Das Passwort ist sicher'.

The 'Ihr Kind' screen allows users to link their account to a child's account. It includes fields for 'Ich bin' (Mutter), 'von' (Marius), 'Geschlecht' (Weiblich), and 'Klasse' (6a). A red oval highlights the 'Weiter' button at the top right.

Now enter your child's details and then click **Next**.

Add a child

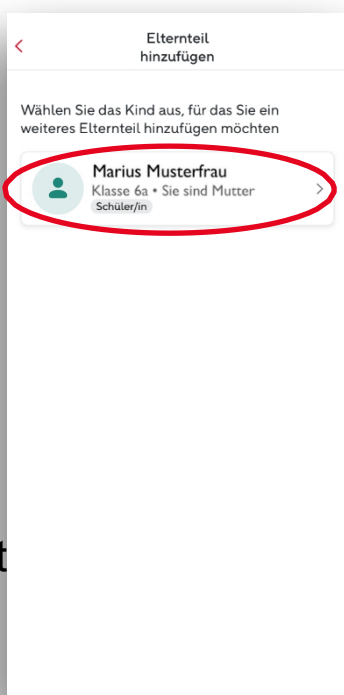

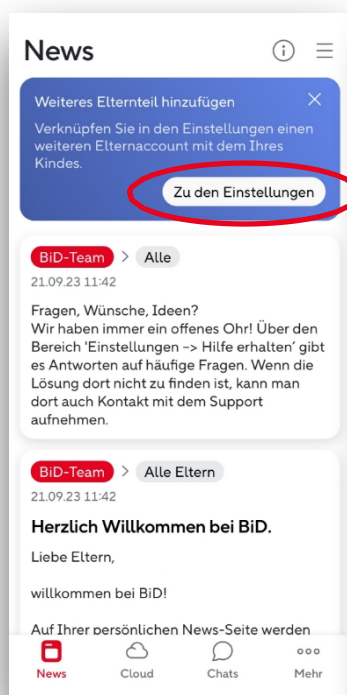

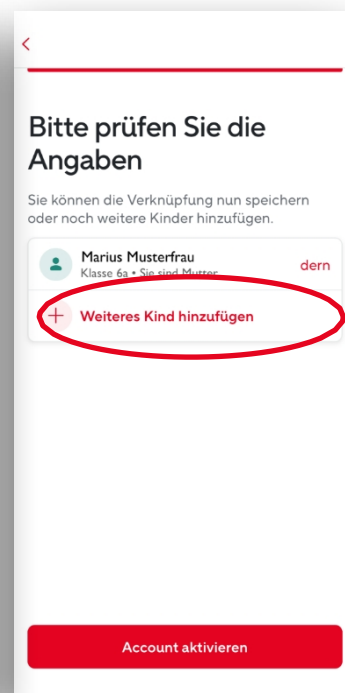

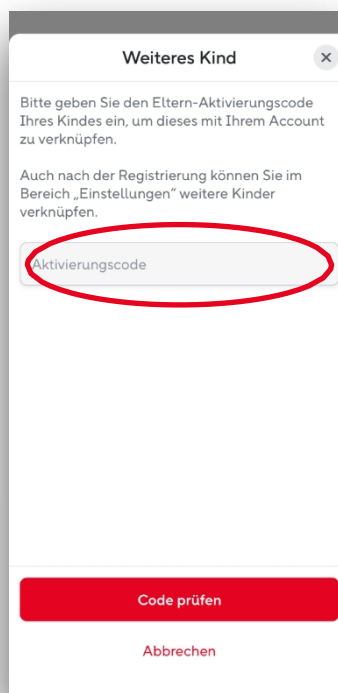

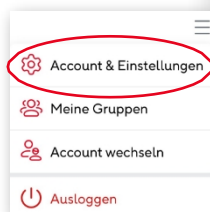

If you have another child at the school, you can add the next parent activation codes via **Add another child**.

The 'Bitte prüfen Sie die Angaben' screen shows a summary of the user's details: 'Marius Musterfrau', 'Klasse 6a', and 'Sie sind Mutter'. A red oval highlights the '+ Weiteres Kind hinzufügen' button. At the bottom is the 'Account aktivieren' button.

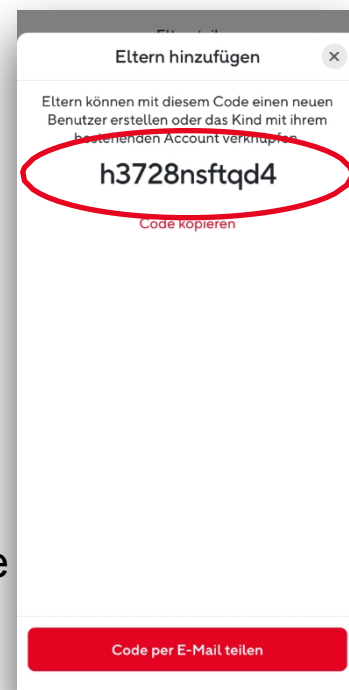

Now click on **Check code**. Check your details carefully. Click **Activate account** to finalise the process.

Add a parent

In the **settings** it is possible to add another parent and link them to your child.

Click on **to go to the settings**.
or on and **Account & Settings**.
Now select the child to whom
You want to add
a parent. A **code**
is created with
which the parent
can log in.

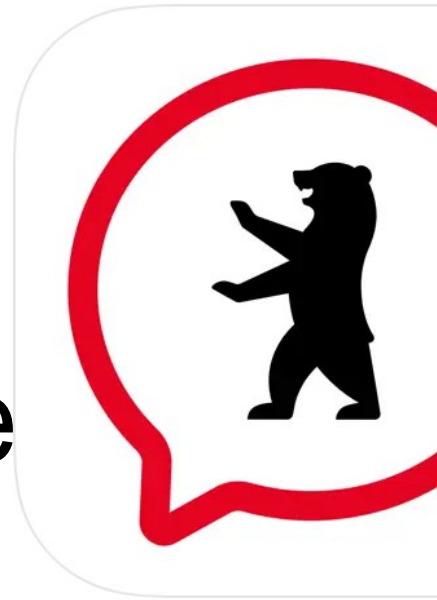

send it to the parent

Then repeat the registration process as described above for the other parent.

For further questions, please use the FAQ or contact the school.
